EAT. (TO SURVIVE)
SLEEP. (TO SURVIVE)
FISH. (REASON TO EAT AND SLEEP)
Engineered and built for the serious tournament angler, Skeeter’s ZX Performance bass boats feature uncompromised comfort, maneuverability and fishability. Crafted with innovative technology, including X-TREME and X-CEL composite construction, the ZX boats unmatched strength and durability. Hydrodynamically designed hulls deliver exceptional maneuverability and a smooth, dry ride. ZX casting decks are extremely roomy with room for two anglers on the front deck alone. Ergonomically designed cockpits and controls. Super-sized rod lockers. Plus, all the latest electronics, including names like Zercom®, MotorGuide®, Dual Pro® and Lowrance®. In addition, all Skeeter boats are powered by the legendary power and performance of Yamaha.
The SX Tournament Series is nothing less than first-class Skeeter. Like the brand-new SX 166, a compact bass boat with "big boat" performance and features.

The SX fiberglass boats for 2000 are full-featured and big on value. All SX boats feature extended casting decks, large rod lockers, tournament-quality livewell systems and ergonomically designed cockpits with cutting-edge electronics like Zercom and trolling motors by MotorGuide. Best of all, they all offer Skeeter's exceptional maneuverability and legendary smooth, dry ride.

And like all Skeeter boats, the SX is backed by Yamaha's technologically advanced power and performance. The SX Tournament Series for 2000. Everything a value-conscious angler could dream of.
The new Skeeter Fish & Ski gives you the best of both worlds with its ultimate in ski performance and fishability. In fact, our fiberglass Fish & Ski combines the popular features you'll find on Skeeter's legendary bass boats with the bells and whistles found on most upscale ski boats. In addition, there's plenty of storage for rods and ski, plus aerated livewells, driver and passenger diamond seats, stainless steel high-grip ladders and elevated casting decks. And every Skeeter Fish & Ski comes equipped with an ergonomically designed console, state-of-the-art electronics, elevated gunnels and Skeeter's one-of-a-kind aerodynamic profile for fuel-efficient performance and a more stable ride. But, someone say 'fish'? Or was it 'ski'?
# SL 200

**Standard Package**
- Shallow-draft tandem-axle trailer w/brakes
- 15 hp 2-stroke engine
- 24.4' length on trailer
- 13' beam
- 8' 6" height over transom
- 3,500 lb max dry weight

**Specifications**
- Length on trailer: 24.4'
- Width on trailer: 13'
- Beam: 8.6'
- Height over transom: 3,700 lb max dry weight

**Capacities**
- Max weight: 1,444 lb
- Max persons: 6/600 lb
- Gal: 40

---

**Standard Features**
- Trolling motor mount
- Quick-set lock-down brackets
- Stainless steel bows
- Black powder coat engine guard
- Dual 80 gal fuel tank system
- 80 hp big block pump
- Forward control panel w/grill
- 12-volt battery location
- 3-battery tray
- Fuel gauge w/12V/24V switch
- 9" electric trim tab
- Shallow draft transom
- 24" wide trailer
- 2-axle trailer
- 2,000 lb tongue weight
- 2,000 lb maximum capacity

---

**Optional Features**
- Forward control panel w/grill
- 12V/24V battery location
- 3-battery tray
- Fuel gauge w/12V/24V switch
- 9" electric trim tab
- Shallow draft transom
- 24" wide trailer
- 2-axle trailer
- 2,000 lb tongue weight
- 2,000 lb maximum capacity

---

**Note:**
- All Skeeter/Yamaha packages feature Yamaha Deluxe controls, professional finishing, rigging, and custom Yamaha propeller (stainless steel 6 & 8 pitch).
For performance and fishability in rough chop, nothing cuts the mustard like Skeeter's Big Water Series. Now for 2000, Skeeter introduces the answer to big water fishermen's prayers. The all-new ZX Bay Boats. Featuring patented V-hull hulls for maximum performance and super-responsive handling, the ZX 2200 and ZX 2400 are built to perform with our exclusive X-TREME composite transom and stringer system, making for a lighter, stronger boat. Also new for 2000 is the Skeeter ZX 2200T, featuring a tunnel hull for exceptional shallow water performance. However rough the water conditions, the new ZX Bay Boats are every bit the boat to handle them.
The new Skeeter Deep Vs for 2009 are performance-driven and built to last. Featuring our exclusive hydrodynamically designed hulls, Skeeter Deep Vs provide a faster, dryer ride. Built with X-TREME and X-CEL composite construction in floors, stringers and transoms, these big water boats deliver unparalleled durability and exceptional performance year after year.

And for real fishability, the Skeeter Deep Vs offer a variety of outstanding features including advanced design consoles with full instrumentation, aerated livewells, baitwells, and huge tackle and storage boxes.
Over five decades ago we built the first Skeeter, which just so happened to be the world’s first bass boat. Since then, we’ve been setting the standard, raising the bar and leaving the rest of the boating industry in a wake of innovation.

It was way back in 1948 when Holmes Thurmond designed and launched the first Skeeter bass boat. Made entirely of marine-grade plywood with slanted sides and a flat bottom, it marked a milestone in bass boat engineering.

But by no means was it the last of firsts for Skeeter. In 1961, we built the first bass boat from fiberglass, a huge leap forward in performance and durability. Then, in 1975 Skeeter introduced the Wrangler, the first V-bottom bass boat ever built. As time passed, Skeeter introduced a host of other innovations, The first full-length box. That first bass boat rated for 150 HP, and the first to introduce “space age” composite materials, with our X-TREME and X-CEL composite construction.

EVERYTHING ELSE IS JUST A WATERED-DOWN VERSION OF THE ORIGINAL.

And as you may have already guessed, we just can’t leave well enough alone. Skeeter is leading the way into the new century with new breakthroughs and the first of the next generation of Skeeter boats. Since the very beginning, there’s been nothing like a Skeeter. And for good reason. Because there’s nothing like the original.
The all-new ZX Aluminum Series for 2000 is everything you’d expect from more than 50 years of legendary Skeeter engineering. In fact, all the performance and fishability of our ZX fiberglass bass boats are also evident in our exciting, new high-performance aluminum bass rigs. With all-welded construction, true-performance pod hull design and Skeeter’s X-TREME channel construction, these new ZX aluminum bass boats are exceptionally fast, durable and easy to maneuver. And for unmatched fishability, the new ZX Aluminum series feature like extended casting decks, tons of storage space and state-of-the-art electronics. And like all Skeeters, the new ZX Aluminums are paired with the legendary power and performance of Yamaha.

From the dedication to quality and craftsmanship to the unsurpassed strength, durability and smooth, dry ride, Skeeter’s new ZX aluminum boats are an exciting new innovation in marine engineering. And a new chapter in the book of ultimate fishability.
Skeeter's complete line of SX Aluminum bass boats is nothing short of the outstanding performance, fishability and great value you've come to expect from Skeeter. Every Skeeter SX Aluminum is built from only the toughest, marine-grade aluminum and heavy-duty materials. Then our engineers test and retest until it's the best aluminum boat on the water. From our X-CALIBUR modified-vee hull design for an exceptional ride, to the roomy casting decks, great storage space and state-of-the-art electronics, the SX Aluminum is the perfect boat for fishing and family fun. What's more, every Skeeter SX Aluminum boat comes with a custom tube trailer and is backed by the legendary technology and performance of Yamaha.

Skeeter introduces an all-new selection of pontoons for 2000 and a brand new take on big family fun. With a new eye-catching design and advanced engineering for greater performance, the new Skeeter pontoons are big on value and big on features. Like low-cost furniture, large refreshment centers, AM/FM stereo with cassette player and speakers, color-coordinated interior parts and privacy enclosures. And all Skeeter Pontoons are built from only the finest marine-grade materials, backed by Skeeter's limited lifetime deck warranty.* So if you're looking for a pontoon, check out the all-new Skeeters for 2000. They're the surest way to add a new dimension to your family fun.

**STANDARD FEATURES**
- 100% aluminum interior pod
- Decorative rails & stainless steel fenders
- Heavy-duty "I" brackets, 1/4" on center
- Through-hull flanges
- Sealed pitch glands
- Tubular handrails
- Glass "Island" accessible to engine
- Hand-rubbed white underwater lighting
- Molded-in lower storage
- 12" molded-in molded-in storage
- 30" mushroom-shaped storage
- "Island" seat
- DVD player
- Optional features

**OPTIONAL FEATURES**
- 24" hand-wrapped underway cruising packages
- Additional Deluxe features
- Glass "Island" storage
- "Island" seat
- DVD player
- Additional Deluxe features

Greatness doesn’t come easy. Especially in the high-performance world of tournament bass fishing. Today’s serious anglers need boats to be faster, tougher and more fishable than ever before. And we've spent over 50 years doing just that. In fact, every Skeeter that hits the water is carefully crafted to deliver an unrivaled level of performance and fishability. And we work hard to keep it that way.

Behind every Skeeter you'll find the legendary reputation of Yamaha, not to mention a lot of other boats. Thanks to Yamaha’s quality, high performance engines and state of the art technology, we've made some pretty big waves in the industry. When you want the best, look for Yamaha. It’s the power behind every Skeeter for all the right reasons.

Yamaha’s latest innovation, HPDI (High Pressure Direct Injection), provides lightning-quick performance and unsurpassed fuel economy, while meeting the emission standards mandated by the EPA for the year 2006.

SKEETER
PERFORMANCE FISHING BOATS

At the heart of every Skeeter design lies a heritage of performance, coupled with an intricate balance of affordability, durability and uncompromised style.

**X-TREME PERFORMANCE**

For over a half century, each and every Skeeter boat has been designed, tested and manufactured to deliver "Total Performance" in the most demanding conditions.

- The roomiest and most stable fishing platforms make a day’s fishing a pleasure, not a chore.
- Spacious and abundant storage insures all the tackle and gear you need is always on board.
- Innovative Skeeter hull designs produce the legendary Skeeter top-end lift and smooth, dry ride while providing total control and handling.
- Every Skeeter boat is engineered and crafted to X-Ceed the demands of fishermen that are passionate about the sport of fishing. Eat. Sleep. Fish.

**X-TREME CONSTRUCTION**

Our X-TREME Construction provides incomparable strength and durability for unsurpassed performance. X-TREME Construction reflects Skeeter's commitment to build only the highest quality fishing boats. We make it a point to not only meet, but X-Ceed the needs of anglers by using only the finest materials and advanced technology.

**X-TREME COMPOSITES**

All Skeeter bass boats feature composite stringers and transoms. All Skeeter ZX models feature composite flooring for maximum strength and reduced weight.

**X-CELL ENGINE SUPPORT SYSTEM**

All new integrated aluminum union between the stringer and transom for maximum strength and performance. Standard equipment on ZX 210, 202 and 195.

**X-CELL TRANSOM**

Independent lab tests have shown Skeeter's X-CELL Transom to be the strongest on the market.

**THERE'S GREATNESS BEHIND EVERY SKEETER**

Eat. Sleep. Fish.

ZX 195°
Ownership does have its privileges. For starters, owning a Skeeter instantly makes you a proud member of the Skeeter family. Which just so happens to come with a laundry list of benefits.

**THE SKEETER OWNER'S PROGRAM**

Own a Skeeter and you'll be automatically eligible for the Skeeter Owners' Tournament. This is an annual event giving you the chance to compete with other Skeeter owners for over $50,000 in cash and prizes.

**THE SKEETER TOUR TOURNAMENT CIRCUIT**

Send in the warranty on your new Skeeter boat and you automatically qualify as a member of the Skeeter Tour for three years. This makes you eligible to participate in any of the region-wide, nationally sanctioned tournaments nationwide. Then, if you're a winner in any of these events, you'll win an additional $1,000 just for being a Skeeter owner.

**SKEETER TOUR GOLD TOURNAMENT PROGRAM**

Skeeter and your Skeeter dealer will organize a select number of tournaments each year. If you win a Skeeter Gold event you'll win an additional $2,500 above any other prizes. If a Skeeter owner doesn't win, the highest-placing Skeeter owner will receive twice his or her entry fee.

See your local Skeeter dealer for details.

---

**OWN A SKEETER AND YOU'RE IN!**

---

*Fishermen gathered to take pictures with Skeeter Pro.*

*Pro Fisherman Alton Jones signs autographs.*

*Ray Dupont fishes the tournament from his vintage Skeeter.*

*1st place team of the 1999 Skeeter Owners' Tournament were John Savin and Charles Corry.*

*Find a rubber duck at the Owners' Tournament and claim your prize.*
The best just got better. For 2000 Skeeter proudly introduces the newly redesigned ZX 202 and ZX 185. And the next generation of Skeeter’s ZX Performance Series.

Available in high-performance bass boat models and runabout/fishing models, the new Zxs feature patented reverse draft transom and stretched sponsons with a no-splashwell design stern, for an incredibly stable fishing platform, unparalleled lift, and the best hole shot in the business.

Made to move with a 225-horsepower rating, the new ZX 202 gives you a quick and smooth ride and features a spacious deck, giving serious anglers room to handle big-tournament action. The ZX 185 also has a leg up with a new hull design that provides a fast, smooth ride.

Both of the new ZX boats come packed to the limit with big tournament features like our innovative new rod storage system and four-pump tournament livewell system. Not to mention amenities like new graphics, a new console with tilt/hydraulic steering and MotorGuide® Tour Edition Trolling Motors and much more.

All in all, the new ZXs are nothing less than a perfect marriage of high performance and fishability. With a touch of the new Millennium.
Eat. Sleep. Fish.
