LEADING THE WAY
INDUSTRY STANDARDS ARE JUST THE START

Skeeter supports our country’s vast fisheries by promoting “catch and release,” and is committed to preserving the environment. Always wear recommended protective apparel. Operate within your capabilities, allowing extra time and distance for maneuvering. Always operate in a responsible manner, respecting the environment and following all local and federal laws. Never operate under the influence of drugs and then operate your boat. Boat smart from the start. Take a boating safety course and get a free vessel safety check annually for your boat. For more information, contact the United States Coast Guard Auxiliary at 800-368-5647 or Power Squadrons at 888-FOR-USPS or www.usps.org. Skeeter reserves the right to change specifications without notice. Please confirm with your Skeeter dealer prior to purchase. Specifications and measurements are approximations and subject to variances. Some boats shown with optional accessories and materials.

INSHORE, NEAR SHORE OR OFFSHORE
VERSATILITY OF ONE BOAT THAT CAN DO IT ALL.

What kind of fisherman chooses Skeeter’s Bay Boat series? How about Captain Blair Wiggins, host of TV’s Addictive Fishing? He loves the fishability, huge bait well and the smoother, dryer ride powered by Yamaha. Extreme fishing demands an extreme boat. Tune in as Captain Blair and Skeeter team up to track down fish with rod-bendin’, drag-screamin’ attitude.

Revolutionary ideas. Constant testing. Rigorous manufacturing standards. Commitment to input from pros, dealers, and consumers. It all translates into peace-of-mind and stronger resale values. Enjoy your time on the water with the confidence that your Skeeter has been Engineered Like No Other™.

Skeeter supports and helps fund Project Fishermen’s Friend, “catch & release” and conservation education for kids through its partnership with the Federation of Fish & Game Clubs, the National Wild Turkey Federation, Project Freshwater, and the U.S. Fish & Wildlife Service. Click here to learn more. Skeeter is an affiliate of Parent company, Polaris Industries, Inc. For more information, please visit www.skeeterboats.com or call (800) 652-6051.

Tell the world you love the good life with our full line of Skeeter apparel and gear. It’s great looking and durable, just like everything with the Skeeter name. To see our full selection shop online at skeeterboats.com or call (800) 652-6051.

SERIES 15
VERSATILITY OF ONE BOAT THAT CAN DO IT ALL.

What kind of fisherman chooses Skeeter’s Bay Boat series? How about Captain Blair Wiggins, host of TV’s Addictive Fishing? He loves the fishability, huge bait well and the smoother, dryer ride powered by Yamaha. Extreme fishing demands an extreme boat. Tune in as Captain Blair and Skeeter team up to track down fish with rod-bendin’, drag-screamin’ attitude.
The test is conducted by accelerating the boat to its maximum speed, and then sharply turning the steering wheel 180 degrees with no change in settings. The boat passes the test by completing a 90° change in direction without the driver losing confidence in his ability to maintain control.

**RESEARCH AND DEVELOPMENT**

**CUSTOMER SERVICE**

TO US, “LUST,” “SLIP” AND “SKIP” are the worst kind of four-letter words. In tournament conditions or just cruising the bay, you never know when you’ll need to turn on a dime. That’s why Skeeter control is legendary. We start with NMMA®, U.S. Coast Guard, and American Boat & Yacht Council standards, then go above and beyond for the ultimate in performance and safety.

**THE NMMA® 90° MANEUVERABILITY TEST**

Our boats are engineered for maximum performance in minimum depths. Because sometimes the difference in a great catch is a matter of inches.

**PERFECT POWER**

The Yamaha V MAX SHO® and Next Generation V6 Offshore Four Strokes are the first of their kind — a V-6 big-bore four stroke outboard for bay boats. And it’s outperforming competition two strokes with:

• Up to 13% quicker hole shot
• Class-leading, 4.2 liter, big-bore displacement and power-to-weight ratio
• Next generation technology that’s lighter than previous V6 two strokes and four strokes.

That's just for starters. It’s also delivering clean-burning power and a level of fuel efficiency anglers never thought they’d see out on the open water.

**FLAT SHALLOW**

You want to go where the fish are. And sometimes that means the shallows. We engineered our boats for maximum performance in minimum depths. Because sometimes the difference in a great catch is a matter of inches.

**SMOOTH & DRY RIDE**

The aggressive 20-degree deep-V of the Skeeter hull design works in conjunction with the primary and secondary reverse chines to keep the water off of you and in the bay. Smooth and dry is how every ride is remembered in a Skeeter.

**EMERGENCY TURN**

Demonstrated by a professional driver at a safe and maneuverable speed.

**PERFORMANCE AND RELIABILITY**

The Yamaha V MAX SHO® and Next Generation V6 Offshore Four Strokes are the first of their kind — a V-6 big-bore four stroke outboard for bay boats. And it’s outperforming competition two strokes with:

• Up to 13% quicker hole shot
• Class-leading, 4.2 liter, big-bore displacement and power-to-weight ratio
• Next generation technology that’s lighter than previous V6 two strokes and four strokes.

That's just for starters. It’s also delivering clean-burning power and a level of fuel efficiency anglers never thought they’d see out on the open water.

**QUICK HOLE SHOT**

When you bring the hammer down, a quick view of the bow is all you get. Getting on plane takes a mere three to four seconds as the hull levels into a highly aggressive attitude. Without a second to lose, we put you in a better position to win.

**SKEETERBOATS.COM**

02 SKEETERBOATS.COM 03
FIRST, WE CALL ON SCIENCE... our boat-building techniques were developed by engineers from the aerospace industry. Then we apply a healthy dose of Skeeter passion. We talk to dealers. Run tests. Talk to customers. Run more tests. We're not satisfied until our boats achieve the performance and fishability worthy of the Skeeter name.

**CUSTOMER SERVICE**

**PERFORMANCE AND RELIABILITY**

**RESEARCH AND DEVELOPMENT**

HOW WE MAKE BOATS FLY

Our polyflake finishes use an exclusive “dry flake” system. Spraying the flake behind the clearcoat gives a lustrous, durable finish that resists migration through the clear gel top coat. Additionally, our extra-tough Armorcoat® gel coats are considered the best in the industry against weathering and blistering.

This patented revolutionary system, exclusive to Skeeter, is constructed of high-test aircraft grade structural aluminum bolted through our full width, EX-Cel composite transom. It is designed to transfer the tremendous energy and stress developed by the thrust of today’s high torque outboards to the bottom structure of the hull eliminating stress on the transom and hull sides.

EX-Cel Composites, for one of the industry’s strongest fiberglass hulls: The transom, stringers and floor utilize aerospace derivatives known as EX-Cel composites, which provide outstanding strength and durability. Unlike our competitors, we only use foam for flotation and build the strength into our extra thick hull and deck sides using our unmatched fiberglass lamination process.

Combining state-of-the-art vacuum-infusion processes and materials, the doors on your Skeeter Bay Boat are built to protect your gear for years to come. Specialty glass and resins combine with PVC cross-linked foam core to give you durable hatches that are lightweight, insulated, and highly resistant to impact and corrosion.

From an advanced multi-step, hand-lamination process using fiberglass and resin materials, to the same industry’s best Armorcoat® Technology used on our hulls and decks, the Skeeter Bay Boat console is built for fishermen. Each console features an insulated polyethylene baitwell, rod holders, stainless steel handrail, and a rear door for convenient access to batteries and wiring.

**PERFORMANCE HULLS**

**SX240**

If you tend to fish primarily inshore, this is probably the better hull for you. It’s fast,革命性, and will go 45 miles an hour on a flat bottom, cutting through the waves with ease. The SX240 is built to be as fast as a Skeeter can be and still have room for the family.

**SX2150**

With its higher gunwales and a deeper, inside shape, the SX2150 is fast and fun to drive, but it’s also stable and safe, especially in rougher waters. It’s a great choice for the fisherman who wants to get away from the crowds and enjoy the sport of fishing with the family.

**SX220 • SX220T • SX200**

Especially made for shallow water, these hulls are perfect for the recreational angler who wants to enjoy the sport of fishing without the expense of a full-size boat. They are easy to maneuver and have a great fishing platform that is perfect for smallmouth bass or other species of fish.

**SX2250**

With its higher gunwales and a deeper V-hull shape, the SX2250 is built to cut through deep water and make the long runs through the passes. Brute strength and a smooth ride coupled with a detailed deck layout make the SX2250 the most efficient boat you’ll ever own.

**SX240G**

If you tend to fish primarily offshore, this is probably the better hull for you. It’s fast, revolutionary, and will go 45 miles an hour on a flat bottom, cutting through the waves with ease. The SX240G is built to be as fast as a Skeeter can be and still have room for the family.

**SX2150G**

With its higher gunwales and a deeper, inside shape, the SX2150G is fast and fun to drive, but it’s also stable and safe, especially in rougher waters. It’s a great choice for the fisherman who wants to get away from the crowds and enjoy the sport of fishing with the family.

**SX220 • SX220T • SX200G**

Especially made for shallow water, these hulls are perfect for the recreational angler who wants to enjoy the sport of fishing without the expense of a full-size boat. They are easy to maneuver and have a great fishing platform that is perfect for smallmouth bass or other species of fish.

**SX2250G**

With its higher gunwales and a deeper V-hull shape, the SX2250G is built to cut through deep water and make the long runs through the passes. Brute strength and a smooth ride coupled with a detailed deck layout make the SX2250G the most efficient boat you’ll ever own.
Even in a world of innovation, Skeeter stands alone. We begin with revolutionary ideas, often in response to feedback from our pros, dealers and customers. Then we subject these ideas to constant testing and rigorous manufacturing standards, so that each boat we build delivers high performance, peace of mind and outstanding resale value. Innovation — it’s why every Skeeter is Engineered Like No Other.

**AWARD WINNING CUSTOMER SERVICE**

- Skeeter offers the original retail purchaser a Structural Warranty that covers any major structural defects in the material or workmanship, for the duration of the ownership.
- Unlike most companies, the Structural Warranty may also be transferred to the second owner for a full 10 years from the first retail purchase date.
- Skeeter also offers a Component Warranty to the first retail purchaser, where certain factory-installed parts are covered for up to three years from the date of purchase. The Component Warranty may not be transferred to a second owner and is subject to limitations outlined in the 2015 Skeeter Fiberglass Limited Warranty.

Skeeter is proud to be a Yamaha company.

**THIRTEENTH CONSECUTIVE YEAR FOR EXCELLENCE IN CUSTOMER SATISFACTION.**

We are excited and grateful that, for the thirteenth consecutive year, Skeeter is recognized for “Excellence in Customer Satisfaction for Fiberglass Outdoor Boats.”

**THE ONLY ONE THAT COUNTS — THE BOATER BEHIND THE WHEEL.**

Even in a world of innovation, Skeeter stands alone. We begin with revolutionary ideas, often in response to feedback from our pros, dealers and customers. Then we subject these ideas to constant testing and rigorous manufacturing standards, so that each boat we build delivers high performance, peace of mind and outstanding resale value. Innovation — it’s why every Skeeter is Engineered Like No Other.

**PERFORMANCE AND RELIABILITY**

Skeeter supports our country’s vast fisheries by promoting “catch and release,” and is committed to preserving the environment in our manufacturing practices. At Skeeter, we continually strive to improve and enhance specifications without notice. Please confirm with your Skeeter dealer prior to purchase. Specifications and measurements are approximations and subject to variances. Some boats shown with optional equipment. Follow all instructional materials and local and federal laws. Always wear recommended protective apparel. Operate within your capabilities, allowing extra time and distance for maneuvering. Always operate in a responsible manner, respecting the environment and others around you. Don’t drink alcohol or use drugs and then operate your boat. Boat smart from the start. Take a boating safety course and get a free vessel safety check annually for your boat. For more information, contact the United States Coast Guard Auxiliary at 800-368-5647 or www.cgaux.org, or the United States Power Squadrons at 888-FOR-USPS or www.usps.org. Skeeter reserves the right to change specifications without notice.

**OUR WARRANTY IS SECOND TO NONE.**

- **Limited Lifetime Structural Warranty**
- **10 Year Transferable Structural Warranty**
- **3 Year Component Warranty**

The Marine Industry CSI Program honors companies that maintain a customer satisfaction rating of 90 percent or higher. Proof that our focus stays on you.

THIRTEENTH CONSECUTIVE YEAR FOR EXCELLENCE IN CUSTOMER SATISFACTION.
CONSOLE FEATURES:

- CENTER-POSITIONED STAINLESS-STEEL STEERING WHEEL: Designed to put the steering wheel where you naturally stand when driving—the center of the console.
- YAMAHA COMMAND LINK® GAUGES: Engine function, fuel management, water depth, temperature, trolling RPM control. Standard on F250 and F300 engine selections.
- FLEXIBLE MOUNTING OPTIONS: Electronics can be flush-mounted or dash-mounted.
- 2-PIECE CONSTRUCTION: For easier maintenance and servicing.
- INCREASED LEG ROOM: Angled base gives you more room to step closer to the console or lean back while you cruise the bay.
- EXTRA-LARGE BATTERY ACCESS DOOR: Easy-in and easy-out. Hinged door is large enough to reach and store four batteries side-by-side. Hooking up your deep-cycle trolling batteries at the end of a long day on the water is a breeze. And storing all your batteries in the console together increases optimal weight distribution.
- EASY-ACCESS CONTROL PANEL: Rocker switches all at your fingertips.
- 8 CONSOLE ROD HOLDERS: You’ll always have the right rod within easy reach.
- CONSOLE BAITWELL WITH SEAT AND BACKREST: Functional and comfortable.

MORE ROOM FOR YOUR LEGS, TO BREATHE, AND TO DRIVE! This console was designed by you. Armed with valuable feedback from Skeeter customers and dealers, our designers set out to make our boats even more fisherman-friendly. The result? A completely different console with a broad array of additional features. Like a convenient center-positioned steering wheel, easy-access control panel, chrome rod storage and increased legroom. Basically, we took the best bay boats on the water — and made them better.

DESIGN FEATURES:

- EXPANDED LEANING POST: Wider and deeper with a larger backrest, Skeeter’s new leaning post adds comfort and storage where you need it.
- REDESIGNED DECK LAYOUT: Expanded front casting deck with larger rod boxes featuring compression-sealed chrome latches with improved seals. Taller rain lips and added deck drains help keep your gear dry and secure.
- TINTED LIVEWELLS AND BAITWELLS: Colored light blue to more closely match the natural environment of fish and provide a more soothing environment.
- REINFORCED MOUNTING: The Skeeter Saltwater console and leaning post are firmly attached to aluminum bolster plates hidden under the floor for long-lasting durability and maximum stability. Most competitors just run lag screws into the floor itself and call it done. Skeeter actually drills and tapers the aluminum bolster plates, then connects your console and leaning post with heavy-duty bolts directly to the metal. Our optional T-Tops® were installed the same way ensuring a build that will last for years to come. *Aftermarket products shown. Options may vary.
- ENGEL® DEEP BLUE PERFORMANCE COOLER: The number one rated cooler in the country. Roto-molded of seamless polyethylene, it was designed from the ground up to re-define what an ice chest could be. It’s 2” thicker than competitive foam in critical top, bottom and sides to provide 10-15° days of cold-keeping capability.

SIMPLY THE BEST: Air tight freezer gaskets and flush-mounted marine grade latches with stainless steel hardware seal the lid. Add to that a pitched, self-draining bottom and large non-skid, non-marking feet, molded hand grips and convenient rope handles and it really is everything an ice chest could be.

SKEETERBOATS.COM
Meet bay fishing’s bloodhound. Our Bay Series has the versatility to track down fish wherever they are — in open water, shallow inlets or wandering the flats. Persistent performance like this takes both muscle and agility. Whether you’re roaring across the bay or sitting silently in the shallows, the fish don’t stand a chance.
1. Console Rod Holders: You’ll always have the right rod within easy reach using these stainless steel console rod holders.

2. Stainless Steel Latches: Lockable, flush mounted latches in the injection-molded composite doors keep your equipment safe and secure.

3. Helm Baitwell Seat: New seat design and convenient location keeps you comfortable, while 13-gallon, aerated baitwell keeps your live bait healthy.

4. Removable 80 qt. Cooler: Removable cooler keeps your catch on ice or use it as a cooler to keep your refreshments cold.

5. Console Storage: Storage for all the gear you need close at hand. Also allows access to Battery Systems and electronics.

FEATURES

</tr>
</thead>
</table>

• Limited Lifetime Structural Warranty
• 10 Year Transom Structural Warranty
• 4 Year Component Warranty

Whether you’re fishing offshore, near shore, or on the flats, the SX series performs. Tough enough to stand up to deep waters, agile enough to navigate shallow backwaters. Just worry about catching them. We’ve made sure you get to them.

ENGINEERING CONCEPTS

GOES WHERE THE FISH ARE. PERIOD.

The console is composed of sandwich foam, sandwiched between layers of fiberglass and vacuum infused with resin which provides unparalleled strength.

Unlike our competitors, we only use closed-cell polyurethane foam for flotation and build the strength into our thick hull and deck sides using an unmatched fiberglass laminated process.

STRONG EX-CEL COMPOSITE HULL

The transom, stringers, hull and deck utilize aerospace derivatives known as EX-Cel composites, which provide outstanding strength and durability.

SKEETERBOATS.COM

SKEETERBOATS.COM
1. Extra large insulated fish box
Keep your catch secure and fresh with this starboard ice chest.

2. Two Comfortable Jump Seats:
Share your fishing experience by comfortably seating extra passengers with these comfortable jump seats. Open for rear storage and fold flat for a larger stern casting area.

3. Massive casting deck:
Plenty of room to cast and fish even with a full crew.

4. Forward Deck Cooler:
Use this convenient 190 qt. forward cooler to keep your refreshments cold and easily within reach.

5. Optional SHO250:
Available with a 20” Shaft V Max SHO 250.

ULTIMATE IN COASTAL FISHING
One moment you’re fishing right on the coast, the next you’re trolling live bait rigs 10 miles offshore. This boat takes you wherever the fish are — which is where you need to be.

SKEETERBOATS.COM

SKEETERBOATS.COM
BRUTE STRENGTH
AND SMOOTH, DRY RIDE

It's got higher gunwale sides that let you go farther into open water, but it's just as suited to a trip with your buddies or a cruise up the coast with the family. People love the way it feels and the way it fits, which is why it's become one of our most popular models.

STANDARD FEATURES

1. **Bow Storage:** Convenient bow storage keeps gear and supplies below front deck, with easy-access hinged hood.

2. **Livewells and Baitwells:** Massive 30 gal. livewell and baitwell keeps your catch fresh and your bait handy.

3. **Non-skid Gunwales:** Features a molded textured surface for added safety.

4. **Ergonomically Designed Helm:** Helm includes center-mounted wheel, easier access to electronics and storage, eight chrome rod holders and more leg room than competitors.

5. **Leaning Post:** Stainless steel leaning post with under seat storage for your keys and spare Skeeter cap, rocket launcher-style rod holders, and optional seat back for that added comfort.

STANDARD FEATURES

1. Rear Storage Boxes: Store tackle, PFDs, and anything else you need for a great day on the water in these improved storage bins.

2. Jump Seats: Enhanced dry storage underneath the jump seats, with a drop-in bin for easy loading and added comfort.

3. Large Insulated Fish Box: Extra large and insulated 102 qt. starboard fish box to keep your catch secure and fresh.

4. Roof Locker: Roomy and secure, with improved molded rain lips.

5. Livewell/Baitwell: Keep your fish or bait fresh and lively longer with the large 40 gallon baitwell.

6. Front Deck Storage: Deep and wide bow storage compartment redesigned with molded rain lip to keep your gear dry and easily within reach.

WORKS HARD, SO YOU DON'T HAVE TO

Tough, durable, a real workhorse. The draft is shallow enough to take you to the oyster reefs when you're after speckled trout or to the back of the bay for some action. But because it's a Skeeter it'll stand up to whatever the day brings.

STANDARD FEATURES

1. Tunnel Hull: Get skinny fast! Skeeter’s unique tunnel hull enables you to run in only inches of water as you blast across the bay.

2. Floor Storage Compartment: Keep your casting net and gear stored conveniently in the forward floor storage with easy access.

3. Hydraulic Jackplate: Standard 8” hydraulic jackplate makes it easy to adjust engine height and run into the skinny water.

5. Removable 80 qt. Cooler: Removable cooler keeps your extra catch on ice or use it as a cooler to keep your refreshments cold.

FOLLOW THE FISH ON THE FLATS

Run wide open in skinny water. With the motor sitting higher on the transom and the prop spinning in the Tunnel Hull, you can fly along on literally inches of water.

**COLOR DESIGN GUIDE**

**IT HAS A STYLE ALL YOUR OWN**
You start with the hull. Flake or gel coat? Should it match your truck or complement it? What about the deck? Hmmm. Same as the hull or different? Bring in the stripes. It would be easy to decide, if you could visualize what it would look like all put together.

Now you can! With Skeeter’s interactive boat building software the only limit is your imagination. Make your selections. Print out a color mockup. Let your family weigh in and do it again. You get the idea.

Select "Build My Skeeter" at skeeterboats.com. It’s fast and easy to create a style all your own.

**BUILD MY SKEETER**
Visit SkeeterBoats.com today and create the boat of your dreams.

**COLOR**
It has a style all your own.

**PERFORMANCE FLAKES**
A synthetic polyflake that resists migration through the clear gel top coat and provides a longer lasting, smooth finish.

- Blue Silver
- Gunmetal
- Midnite Burgundy
- Twilight Plus
- Silver Hologram
- Twilight Wheat
- Black Wheat
- Evergreen
- Dark Red
- Blue Fox

**PERFORMANCE UPHOLSTERY**
Heavyweight, marine-grade vinyl that’s fade resistant, abrasion resistant, and UV stabilized.

- Grey Satin
- Black Satin
- Black Galaxy
- Mod White
- Deep Bronze
- Smoke
- Sky Blue
- Sea Foam

**PERFORMANCE GELS**
Extra-tough Armorcoat® gel coats that are considered the best in the industry.

- Blue Silver
- Gunmetal
- Midnite Burgundy
- Twilight Plus
- Silver Hologram
- Twilight Wheat
- Black Wheat
- Evergreen
- Black Days

**Vinyl Types:**
- Distinct - Leather Grain
- Sugar - Micro-Synthetic
- Diamonte - Textured, Diamond Pattern

SALTWATER ALUMINUM WHEELS
Adding style with quality, the distinct saltwater aluminum wheels ensure years of dependable performance and confidence.

4X CROSSBAR BUNK SUPPORT
Strength and durability are built right in with 4X crossbar bunk support that is reinforced to carry the load and maintain a stable ride.

DURABLE DOUBLE ROLLER
Adding protection and ease during launching and loading, the durable front and rear double rollers help maintain hull integrity.

HEAVY-DUTY TONGUE JACKET
Keeping you securely fastened to your ride, the heavy-duty tongue jacket also effectively guards against theft.

ALL-WELDED CONSTRUCTION
Full body焊接减少机械部件的数量，大大增加拖车的寿命。

DINING AWAY TONGUE JACK
Heavy-duty jack is designed to swing completely out of the way when trailering and easily guides you into storage.

STEEL CROSSBAR BUMPER SUPPORT
Strength and durability are built right in with a steel crossbar bumper that is reinforced to carry the load and maintain a stable ride.

SALTWATER ALUMINUM WHEELS
Adding style with quality, the distinct saltwater aluminum wheels ensure years of dependable performance and confidence.

SWING-AWAY TONGUE JACK
Heavy-duty jack is designed to swing completely out of the way when trailering and easily guides you into storage.

ALL-WELDED CONSTRUCTION
Full body welding reduces the number of mechanical fasteners and greatly increases the life of the trailer.

HEAVY-DUTY TONGUE JACKET
Keeping you securely fastened to your ride, the heavy-duty tongue jacket also effectively guards against theft.

DURABLE DOUBLE ROLLER
Adding protection and ease during launching and loading, the durable front and rear double rollers help maintain hull integrity.

15'' ALUMINUM WHEEL EXCHANGE (EA) (MUST UPGRADE TO TANDEM ON SX200)

WHEN IT COMES TO SALTWATER FISHING, GUIDES HAVE THE RIGHT STUFF

Skeeter supports our country’s vast fisheries by promoting “catch and release,” and is committed to preserving the environment. Our guides are a vital component to this mission. They are knowledgeable about fishing locations, boat handling, and environmental awareness. Guides are a major support to our commitment to fishing conservation.

The people who make a living on the water are some of our most loyal customers. Guides like Skeeter boats because of the versatility. Their clients can go from casting top-water baits for tailing redfish in the shallows to jigging for red snapper around oil platforms. And Skeeter continues adding new features. Captains love the top-notch electronics, ergonomic console, ample storage, and revolutionary hull design. Skeeter is continually putting在一起 our boats to make them the best they can be.

Win the most while fishing the best with the 2015 Skeeter Real Money Program. The payouts at grassroots events keep growing and this year’s purse could be even higher. Just another reason why we’re the leader in tournament fishing. Register for Real Money today. Real Money Program dates are from January 1 through December 31, 2015.

1. **BUY** a Skeeter boat. Purchase any new or used Skeeter boat powered by a Yamaha engine from a dealer or private party.

2. **REGISTER.** Visit your local, authorized Skeeter dealer to obtain a registration form, or download at SkeeterBoats.com. You must be registered through your local, authorized Skeeter dealer at least one year prior to fishing in a sanctioned tournament. All registrations from Skeeter dealers include membership to the Saltwater Guide Association.

3. **FISH & WIN** in a contingency-sanctioned paying event. A list of sanctioned tournaments and payouts are posted on our Web site. A schedule of sanctioned tournament dates is compiled in late winter, and updated periodically on our Web site. Schedules are subject to change without notice.

4. **GET PAID.** Payments will be made once Skeeter receives and approves “official” tournament results from you and all Rules and Conditions for the applicable year have been met. To be eligible for incentive, you must register prior to participating in a contingency-sanctioned paying event.

**WIN UP TO $3000 FOR EACH ELIGIBLE TOURNAMENT**

For complete details, terms and conditions, or to see the most current list and schedule of sanctioned tournaments, please see your local authorized Skeeter dealer or visit our website at SkeeterBoats.com.

**ENTER. WIN.**

For complete details, terms and conditions, please see the sanctioned boating locations. This is not an offer of financial assistance or insurance. Please contact an authorized Skeeter dealer to find out if your boat is eligible. To date, Skeeter has awarded over $1.7 million in Real Money to anglers who achieved the following: 1st Place, 2nd Place, 3rd Place, 4th Place, and Top Non-Pro Angler. You must register prior to participating in a contingency-sanctioned paying event.

**TELL THE WORLD YOU LOVE THE GOOD LIFE** with our full-line of Skeeter apparel and gear. It’s great looking and durable, just like everything with the Skeeter name. To see our full selection shop online at SkeeterBoats.com or call (866) 862-6055.
