Skeeter has been at the forefront of fishing boat design since 1948 and has been raising the bar and setting new standards ever since. Skeeter’s goal is to build boats that are Engineered Like No Other™, permeates everything we do—from our design and manufacturing methods to the courtesy we extend each time you walk into a dealership. From ribbed corners, cut construction all the way to the winner’s circle. Skeeter’s pursuit of perfection is evident in the best-engineered fiberglass fishing boats on the water today.
POWERED BY
YAMAHA

Every Skeeter Hull is optimized to perform with a Yamaha outboard and with a Yamaha outboard behind you, there’s nothing but good times ahead of you.

Yamaha is as strapped with reliability as you are with the water. Every last detail is engineered to give you access to the best technology you can invest on. Every weekend. Every year.

THE FUTURE OF DEEP-V POWER.

It’s the first of its kind in the industry. It’s the first Skeeter Skeeter Hull to have an inboard/outboard combination too close to be split.

• Up to 12% quicker hole shot
• Costly, lasting, a 3 to 5 hour replacement engine power for longer range
time
• Next generation technology that is greater than the predecessor. It’s light, it’s flexible, it’s sophisticated.
• It’s a silent delivering clean burning power and a thrill of full throttle engine sounds that stay in your ear or the open water.

SKEETER STANDS BEHIND EVERY BOAT IT SELLS.

LIMITED LIFETIME WARRANTY

- Limited Lifetime Structural Warranty
- 10 Year Transferable Structural Warranty
- 3 Year Component Warranty

Skeeter is proud to be a Yamaha company.
WHEN IT COMES TO
PERFORMANCE,
OUR BOATS ARE ENGINEERED LIKE NO OTHER

Deep in the heart of innovation, Skeeter stands alone. We begin with revolutionary ideas, often in response to feedback from our pros, dealers and customers. Then we submit those ideas to constant testing and rigorous manufacturing standards, so that exactly what we build delivers high performance, peace of mind and outstanding resale value. Innovation — it’s why every Skeeter is Engineered Like No Other.™

EX-CEL COMPOSITE HULL

Hull Construction: Skeeter pioneered the Ex-Cell Composite Hull design, which features a 100% solid fiberglass composite that incorporates several unique layers of high density fiberglass. The result is a hull that is heavier than aluminum, yet stronger than steel. Ex-Cell Hulls are designed to be strong and lasting, while remaining lightweight for excellent performance on the water.

These longitudinal components run the length of the hull, providing energy transmission by allowing for maximum efficiency and strength. They also provide resistance to longitudinal forces caused by water resistance and transverse forces caused by the water’s weight. These forces are then transferred to the keel resulting in a smoother ride and more efficient performance.

TORQUE TRANSFER SYSTEM

Torque Transfer System: Skeeter’s patented Torque Transfer System is designed to transfer power from the engine to the propeller shaft. The system eliminates rear suspension and provides a more direct transfer of torque, resulting in increased performance and reduced vibration. Skeeter’s Torque Transfer System is designed to give you a smooth, steady ride every time you hit the water.

COMPOSITE STRINGERS

Node Transfer System: Skeeter’s patented node transfer system is designed to transfer the maximum amount of energy from the engine to the propeller shaft. The system eliminates rear suspension and provides a more direct transfer of torque, resulting in increased performance and reduced vibration. Skeeter’s Torque Transfer System is designed to give you a smooth, steady ride every time you hit the water.

REACT KEEL

Keel Design: Skeeter’s patented React Keel design is designed to provide a smooth, steady ride on the water. The keel is designed to transfer the maximum amount of energy from the engine to the propeller shaft. The system eliminates rear suspension and provides a more direct transfer of torque, resulting in increased performance and reduced vibration. Skeeter’s React Keel is designed to give you a smooth, steady ride every time you hit the water.

EXTREMELY STABLE

Skeeter Boats are designed with the highest degree of stability in mind. The hull design is optimized to minimize the impact of waves and provide a smooth, steady ride. Skeeter Boats are designed with the highest degree of stability in mind. The hull design is optimized to minimize the impact of waves and provide a smooth, steady ride.

SUPER TURNING

Skeeter Boats are designed with the highest degree of stability in mind. The hull design is optimized to minimize the impact of waves and provide a smooth, steady ride. Skeeter Boats are designed with the highest degree of stability in mind. The hull design is optimized to minimize the impact of waves and provide a smooth, steady ride.

E-LACER

E-Lacrer: Skeeter’s patented E-Lacrer design is designed to provide a smooth, steady ride on the water. The E-Lacrer is designed to transfer the maximum amount of energy from the engine to the propeller shaft. The system eliminates rear suspension and provides a more direct transfer of torque, resulting in increased performance and reduced vibration. Skeeter’s E-Lacrer is designed to give you a smooth, steady ride every time you hit the water.

SAFETY COMES FIRST

Flotation: Skeeter Boats are designed with the highest degree of stability in mind. The hull design is optimized to minimize the impact of waves and provide a smooth, steady ride. Skeeter Boats are designed with the highest degree of stability in mind. The hull design is optimized to minimize the impact of waves and provide a smooth, steady ride.
BigFish, Big Water. You go to go to their turf and our powerful WX Series will get you there. These rugged boats cut through big water and bad weather like a charm, and with a large, deep cockpit and plenty of storage, you can battle the fish and the elements all day until they say “Uncle.”
THE KING OF BIG WATER FISHING BOATS.

The WX2190 is designed to be the ultimate in big water fishing boats. Long, wide and deep, and packed with fisherman friendly features, the WX2190 has everything you need to look Mother Nature in the eye and say “Stand Aside.”

**FEATURES**

1. Dual Console: Features 2 seats at the helm with individual swivel seats.
   - The helm features a multifunctional display with a built-in GPS.
   - The helm includes a Yamaha 115 Four Stroke outboard engine.
   - The helm is equipped with a Yamaha 115 Four Stroke outboard engine.
   - The helm includes a Yamaha 115 Four Stroke outboard engine.

2. Automatic USB/SD Card Reader:
   - Allows for easy loading of music and video files.
   - Supports SD cards up to 32GB.

3. Power Steering System:
   - Features a Yamaha 115 Four Stroke outboard engine.
   - Includes a Yamaha 115 Four Stroke outboard engine.

4. Bow Lift and Tilt Edges:
   - The bow features a Yamaha 115 Four Stroke outboard engine.
   - Includes a Yamaha 115 Four Stroke outboard engine.

5. Bow Locker:
   - Features a Yamaha 115 Four Stroke outboard engine.
   - Includes a Yamaha 115 Four Stroke outboard engine.

6. Rear Deck Storage Compartments:
   - Provides easy access to fishing gear.
   - Includes a Yamaha 115 Four Stroke outboard engine.

7. Bow Tackle Boxes:
   - Holds fishing line and other accessories.
   - Includes a Yamaha 115 Four Stroke outboard engine.

8. Bow Gear Storage Compartments:
   - Provides easy access to fishing gear.
   - Includes a Yamaha 115 Four Stroke outboard engine.

**MOVING ON FROM HERE**

If you do most of your fishing out of the cockpit and have been eyeing a 20' fiberglass fishing boat, the WX2060 is the boat for you.

www.GreaterGates.com
SKEETER’S BEST RIDING 19 FOOT FISHING BOAT... EVER!

You don’t need a 20 foot fishing boat to fish big water. The WX1910 was designed to deliver a soft, dry ride in the harshest of conditions. Skeeter’s WX1910 delivers everything you need within a big water fishing boat with style.

### Features

- **Extreme Stability**
  - Customary Skeeter stringer system
  - Water resistant, leak-proof, drainable
  - Automatic “Tilt” to auto-dance
  - Leaves no rear wake behind

- **Aerodynamic Performance**
  - Skeeter Hull: 6° deadrise, 30° taper, 5° chine
  - Skeeter Design: 36" bow sprit, 13" transom, 15° transom
  - Skeeter Trim: 12" trim tabs, 12" bow spray, 6" transom

- **Fuel Efficiency**
  - All day run with
  - Standard In-Tank Fuel System
  - Optional Fuel System

- **Adjustable Seating**
  - Rear Bench: 12" full support
  - Front Bench: 12" full support

- **Optional Equipment**
  - Command Pro: 2000W charger, 12V power outlet, USB port
  - Command Pro: 2000W charger, 12V power outlet, USB port

- **Optional Accessories**
  - Cockpit: 1" stainless steel rod holder
  - Bowfishing: 1" stainless steel rod holder
  - Fishing: 1" stainless steel rod holder

- **Optional Uprights**
  - 1" stainless steel uprights

- **Optional trailer**
  - 4,000 lb. capacity
Multi-species fishermen need versatility. So whether you fish Walleyes in the spring and Muskies in the fall, back troll in the morning and cast for giant smallmouth bass in the afternoon or enjoy fishing rivers as well as chasing near shore action and spot on the Great Lakes; the MX Series from Skeeter offers the versatility that multi-species fishermen need and appreciate.
Do it All Multi-Species Fishing Machine. The MX2040 has the length to fish big water and the versatility to slide into skinny water in a back slough. A wide open platform that offers incredible Fish-ability.
THE ULTIMATE 18’ FISHING BOAT.

If you’re been thinking about making the jump from aluminum, the MX1825 is the boat for you. Wide and stable with a smooth, dry ride, the MX1825 is packed with standard features that will put a smile on your face every time you go fishing.

### Legendary Outboards

For years, our four-stroke engines have set the standard for high-performance outboard power. They feature incredible durability, amazing fuel efficiency, and prodigious power to go places at high speed. Add in Yamaha’s legendary reliability, and there’s no boat you’d want to be in.
Our premium trailers give you the same things our boats do. We pair features like non-wind tongue straps, sealed LEDs, and independent torsion axles with thoughtfully designed complements your boat and any tow vehicle.

**Features**

**Swing-Away Tongue**
For added convenience, our swing-away tongues fold up out of the way for storage and increased safety.

**Tongue Step**
Steps up with ease thanks to our industry leading aluminum step at a hassle-free location.

**LED Lights And Torsion Tie Downs**
Maximum visibility and safety during late night towing thanks to our illuminated LED lights and our state-of-the-art tie-down system. With a tight hold on your boat, you’ll have zero chance of it landing on another vehicle or the towing vehicle.

**Tuff Coat Fenders**
Our fenders with a non-slip texture are designed to protect your trailer from daily wear and tear, keeping your boat looking good.

**Independent Torsion Axles**
Each trailer has its own independent suspension, reducing the effect of road bumps and keeping your ride smooth and stable.

**Apparel**

**Tell the World You Love the Great Life**
Tell the world you love the great life with our full line of Skeeter apparel and gear. It’s great looking and durable, just like everything with the Skeeter name. To see our full selection, shop online at skeeterboats.com or call 800-992-0994.
DEDICATION REWARDS

IT'S TIME TO HOOK SOME FOR YOURSELF

Our Real Money program comes with a catch — to win prize money in our sanctioned tournaments, you must fish with a Skeeter boat. Wait a minute, that’s not a catch — that’s an unfair advantage! Payoffs at our grassroots events grow every year, just one more reason why Skeeter is the leader in tournament fishing. Register for Real Money today.

WIN UP TO $3000

Enter, Win.

Win the most while fishing the best with our 2016 Skeeter Real Money Program. The payouts at grassroots events keep growing and this year’s purse could be even higher, just another reason why we’re leading the industry today. Real Money Program dates are from January 1 through December 31, 2016.

1. Buy a Skeeter boat. Purchase any new or used Skeeter boat powered by a Yamaha engine from a dealer or private party.
2. Register. Fill out a form at www.skeeterboats.com. You must register each year to be eligible. If you do not sign an affidavit stating you registered, you are not eligible.
3. Participate. Enter the tournament. You must be a member of the sponsor prior to participating. A list of sanctioned tournaments and participants is posted on our website. A schedule of sanctioned tournament dates is compiled in late winter, and updated periodically on our website. Schedule is subject to change without notice. A list of sanctioned tournaments is posted on our website.
4. Set rules. Payoffs will be made once Skeeter receives and approves “Official” tournament results from the local tournament committee, or the event you have chosen that is associated with the Skeeter boat dealer that you purchased your Skeeter boat from, and payoffs is subject to participating in a contingency sanctioned tournament event.

Enter. Fish. Win.

For complete details, terms and conditions, or to download the most current list and details of sanctioned tournaments, please visit the Skeeter dealer or visit our website at www.skeeterboats.com.

FOR EACH ELIGIBLE TOURNAMENT.

WIN UP TO $3000

For each eligible tournament.
