Since 1948 Skeeter has led the pack in fishing boat design. Skeeter’s lineup has been carefully designed, tested, and proven on both the drawing board and on the water. Starting the day that the very first Skeeter boat hit the water every single choice and change has been made to achieve one single goal: build the best fishing boats on earth. From running across shallow water flats chasing tailing reds on the SX210 to the ultimate deep blue machine — the SX240. In a world where performance and quality are paramount, there is no doubt that Skeeter stands on top. 

Skeeter supports our country’s vast fisheries by promoting “catch and release,” and is committed to preserving the environment in our manufacturing practices. At Skeeter, we continually strive to improve and enhance specifications without notice. Please confirm with your Skeeter dealer prior to purchase. Specifications and measurements are approximations and subject to variances. Some boats shown with optional equipment. Follow all instructional materials and local and federal laws. Always wear recommended protective apparel. Operate within your capabilities, allowing extra time and distance for maneuvering. Always operate in a responsible manner, respecting the environment and others around you. Don’t drink alcohol or use drugs and then operate your boat. Boat smart from the start. Take a boating safety course and get a free vessel safety check annually for your boat. For more information, contact the United States Coast Guard Auxiliary at 800-368-5647 or www.cgaux.org, or the United States Power Squadrons at 888-FOR-USPS or www.usps.org. Skeeter reserves the right to change specifications without notice.

All Skeeter boats have been certified by the National Marine Manufacturers Association®, and meet all United States Coast Guard and American Boat & Yacht Council requirements.
Innovation drives us. Innovation drives us to build the ultimate fishing machine for you. Our world-class team of designers and engineers strive for perfection. With input from our dealers, customers and staff of professional anglers, our pursuit is on-going to maximize your fishing experience! Skeeter boats are ENGINEERED LIKE NO OTHER®.

From the beginnings of Yamaha Motor Corporation in 1953, the stage was set for success through a vision of innovation. Only a few years before that, Holmes Thurmond built what is believed to be the first bass boat, designed upon many of the very characteristics of today’s bass boats – stability, shallow draft, room for tackle and gear and easy movement around the inside of the boat. His boat was dubbed a “Skeeter” because of its long, needle-shaped nose that resembled a mosquito.

These two founders of fishing joined forces in 1996, when Yamaha Motor Corporation purchased Skeeter. Throughout the past 20 years, Skeeter has introduced the next generation of saltwater boats, and continues to be the best on the water. These boats have also served as the platform for Yamaha’s four-stroke engine technology – combining a powerhouse in boating and fishing.

“If you are going to make it, make it the very best there is.” – Gerichi Kaahori, Yamaha Motor’s first president.
We know you invest heavily in your gear, so we use a vacuum-infusion process with state-of-the-art materials on our hatches, latches and storage areas to keep your gear safe and dry. Specialty glass and resins combine with PVC cross-linked foam core to make hatches lightweight, insulated and protected from the often harsh saltwater environment.

RELIABILITY UNLEASHED

THE NEXT GENERATION IN OFFSHORE POWER

YAMAHA V MAX SHO V6 OFFSHORE FOUR STROKE

The power you need, with the reliability you demand. With Yamaha’s legendary four stroke series, you can trust your engine to deliver. Yamaha outboards are designed to the last detail—engineered to give you the ultimate technology for performance, power, acceleration, fuel efficiency and reliability.

RELIABLE POWER

THE FUTURE OF BAY BOAT POWER

It’s the fuel of today—a high tech four stroke outboard for big boats that deliver amazing performance has arrived with Yamaha. It’s:

- Up to 16% greater hole shot
- 15% less fuel usage
- 4% greater top speed
- 6% faster mid range
- 4% longer range
- Fuel economy that’s second to none.

Our TOTAL TECHNOLOGY is the highest two percent of our total design and development costs to achieve the best performance and reliability.

THAT’S JUST FOR STARTERS

It’s also delivering lower burning power and a level of fuel efficiency engines never thought they’d see in this horsepower range.

INGENUITY AND INNOVATION IN ENGINEERING

FIRST, WE CALL ON SCIENCE — it’s an art.

It’s a science. Boaters and anglers alike, the team that builds each and every Skeeter boat is committed to innovation and engineering, with the highest level of quality. Our boats are engineered, designed, prototyped and tested to the max. Want to see this first-hand? Call us to schedule a factory tour.

SETTING THE STANDARD. BREAKING THE MOLD. OVERACHIEVERS.

At our boats have a distinctive “V” shape that helps them move in and out of the water easier and faster. It also enables our boats to float in very shallow water and handle extremely well through water. Be sure to look at our entire line to find the model that matches up best with your style of fishing. Engineered Like No Other.

“THE RIDE” – it defines a boat, and Skeeter’s distinct “V” shaped hull ensures top performance in any conditions – from shallow water to rough seas. The safety of you and your passengers is priority number one. black,why your Skeeter boat meets or exceeds NMMA®, U.S. Coast Guard and American Boat & Yacht Council standards.

GET THE HULL PICTURE

When it comes to performance we’re overachievers!

SX240 / SX230
In this case, bigger is better. For near shore and offshore, our SX240 provides more space and a larger hull – with the Yamaha power to match.

SX2250
Versatility redefined. With a deeper V-hull, higher gunwales and optimal deck layout, the SX2250 is great for shallow waters, trolling or rig fishing.

SX220 / SX210
Made for inshore and shallows, these models provide smooth performance from standstill to top-end.

20 DEGREES
We’re not talking temperature. Our 20-degree deep-V hull design and primary and secondary reverse chines keep stability and ensure a smooth ride.

FLOATS SHALLOW
Our shallow hulls are designed to run shallow. Engineered with balance, your Skeeter will run wherever the tide will get you out when the tide changes.

FOUR SECONDS
With our unique design and the power of your Yamaha outboard, you’ll be up on plane in a matter of four seconds.

Boats shown may include dealer installed options not available from the factory.

www.SkeeterBoats.com
WE’VE ALREADY WON THE RACE FOR SPACE. Skeeter’s SX Series saltwater boats are designed and built to maximize your time on the water—whether that’s a weekend of fun, a day-trip or for one more cast as the sun sets on your day.

When Holmes Thurmond built the first Skeeter Bass Boat—he knew, even in 1948, the value of space. Fast forward, and today’s SX Series is packed with versatile storage and space for personal items, gear and anglers. Our recently redesigned leaning post now includes up to nine rod holders and a maximum total of seventeen vertical rod holders. The console access compartment is organized for easy access for maintenance.

DESIGN FEATURES
• MORE RODS: Our redesigned leaning post is more comfortable for passengers, and features more vertical rod holders.
• SPACE: Our deck layout is optimized for casting, with built-in storage, including larger rod boxes featuring compression-sealed chrome latches with integrated seals. Gear is kept dry with taller rain lips for more deck storage.
• HEALTHY BAIT & FISH: Our blue-tinted baitwells and livewells provide a more soothing environment.
• STRENGTH: Our saltwater console and leaning post feature aluminum bolster plates for durability, stability and a balanced ride. We go the extra fathom—drilling and tapping the aluminum bolster plates, connecting the console and leaning post with heavy duty bolts. Our optional T-Tops are installed the same way, ensuring strong performance for years.
• COOLER THAN YOU: Our SX Series features an Engel Deep Blue Performance Cooler®, the number one rated cooler in the country. Roto-molded of seamless polyethylene, it features a full two inches of dense polyurethane foam on the top, bottom and sides for 8-10 days of cold-keeping capability.

INTELLIGENT DESIGN FOR THE AVID FISHERMAN

Keep your personal items safe and dry by storing in the rear storage compartment.

Keep your anchor and rope organized in the bow anchor compartment.

Simply the best: for tight roller guides and flush-mounted marine grade latches with stainless steel hardware seal the lid. Add to that a pitched, self-draining bottom and large non-skid, non-marking feet, molded hand grips and convenient rope handles and it really is everything an outboard could be.

SKEETERBOATS.COM
Servicing your boat and keeping you on the water is our mission. From our factory, to our extensive dealer network, we value our Skeeter family—and treat you like family. We're constantly seeking to innovate our lineup, from the inside to the outside, testing the limits of the possible to build the highest performing fiberglass fishing boats. It's why every Skeeter is Engineered Like No Other.™

AWARD WINNING CUSTOMER SERVICE

EXCELLENCE NEVER TAKEN FOR GRANTED

For the fifteenth consecutive year, Skeeter has been recognized for “Excellence in Customer Satisfaction for Fiberglass Outboard Boats” from the Marine Industry CSI Program. Our competitors don't even come close!

WE ARE YOUR PARTNER TO EXCELLENCE

For more information, contact the United States Coast Guard Auxiliary at 800-368-5647 or www.cgaux.org, or the United States Power Squadrons at 888-FOR-USPS or www.usps.org. Skeeter reserves the right to change specifications without notice.

YOUR TIME IS A VALUE - VALUE YOUR TIME

Skeeter is proud to be a Yamaha company.

www.SkeeterBoats.com

LIMITED LIFETIME WARRANTY

• Limited Lifetime Structural Warranty
• 10 Year Limited Transferable Structural Limited Warranty
• 3 Year Limited Component Limited Warranty

Skeeter offers the original retail purchaser a Structural Warranty that covers any major structural defects in the material or workmanship, for the duration of the ownership.

Unlike most companies, the Structural Warranty may also be transferred to the second owner for a full 10 years from the first retail purchase date.

Skeeter also offers a Component Warranty to the first retail purchaser, where certain factory-installed parts are covered for up to three years from the date of purchase. The Component Warranty may not be transferred to a second owner and is subject to limitations outlined in the 2017 Skeeter Fiberglass Limited Warranty.

OUR WARRANTY IS SECOND TO NONE.

For the fifteenth consecutive year, Skeeter has been recognized for “Excellence in Customer Satisfaction for Fiberglass Outboard Boats” from the Marine Industry CSI Program. Our competitors don't even come close!

The Marine Industry CSI Program is an independent research project that monitors a customer satisfaction rating of 90 percent or higher. Proof that our focus stays on you.

Ever wonder what it would be like to have a boat that can do it all? Well, the wait is over. The new SX230 offers more fishability than you expected. We packed it full of features that are truly like no other.

**STANDARD FEATURES**

1. **Leaning Post With Vertical Rod Holders:** Engineered for practicality and designed for comfort. Carry up to six (6) rods with the leaning post vertical rod holders, and conveniently store your items in the underseat storage.

2. **Center Console Command Center:** Comes standard with quality Yamaha multifunction gauges, drink holder and eight (8) rod holders.

3. **Insulated Livewell/Baitwells:** Keep your catch alive and healthy with the rear twenty-five (25) gallon livewell/baitwell and fourteen (14) gallon console baitwell. Comes with fill and recirculating pumps with timer.

4. **Anchor Storage Area:** Tuck your anchor away securely on the bow of the boat inside this convenient chamber.

5. **Rear Storage Compartments:** Two water tight lockers located in the stern keeps your gear dry and safe.

Inshore or offshore, we know what it takes.

**Finding Fish Just Got A Whole Lot Easier.**

Probably our most popular model for all the right reasons. It has the power and performance to take you deeper and farther than you want, yet it can run as shallow as you need, when you need it.

---

For boat options and colors, visit page 26 and 30.

www.SkeeterBoats.com
Sometimes it pays to be shallow.

We’re redefining skinny water running with a hull that will allow you to run in water that is merely inches deep. Chasing tailing reds or tricky trout through the shallow water flats has never been easier.

1. Deluxe Leaning Post With Vertical Rod Holders: Engineered for practicality and designed for comfort. Carry up to nine (9) rods with the leaning post vertical rod holders and conveniently store your items in the underseat storage.

2. Center Console Command Center: Comes standard with a Lowrance® HDS 9 Gen3 Touch, quality Yamaha multifunction gauges, Seastar® hydraulic steering, drink holder, eight (8) rod holders and removable windshield.

3. Vertical Rod Holders: A combined total of seventeen (17) on the leaning post and center console for secure stowing and quick access.

4. Insulated Starboard Front Fish Box: Keep your catch on ice so you can spend more time out on the water.

5. Anchor Storage Area: Tuck your anchor away securely on the bow of the boat inside this convenient compartment.

Raccoon eyes. A few wrinkles. Fishing scars. A callus or two. These tell the story of an angler's time on the water, but we want your boat to stand the test of time, that's why we use the best materials combined with the best engineering. Our premium quality upholstery vinyls offer superior abrasion resistance. UV resistance for up to 1,000 hrs, mildew resistant, fire retardant and can withstand cold cracking to -10°F. We also use premium quality thread which will outlast cotton/polyester threads, and is resistant to rot and decay and is guaranteed to last the lifetime of the upholstery.
Like you, our Skeeter design guide allows you to build it your way. Flake or gel? Favorite sports team colors? Match your tow vehicle? Racing stripes? Decisions, decisions, decisions - but these are the fun decisions in life. Visit the “Build My Skeeter” tool at SkeeterBoats.com, and have your family and friends join in the fun of designing your next dream boat.

Create the boat of your dreams today by visiting SkeeterBoats.com.

**TRAILER FEATURES**

- Our trailers feature full body welds which increase reliability, ease of trailering and lifespan of your investment.

- Our durable double aluminum extrusions protect the hull while launching and loading for ease of use and to maintain hull integrity.

- Secure Tongue Jacket: A tight, secure connect to your tow vehicle is essential. Skeeter’s heavy-duty tongue jacket keeps you safe on the road, and secure while parked.

- Reliable Construction: Our trailers feature full body welds which increase reliability, ease of trailering and lifespan of your investment.

- Small Footprint: With our heavy-duty swing away tongue jack, you can reduce the footprint of your trailer for more efficient storage.

- We’re Rolling: Our aluminum wheels combine style and quality with dependability, performance and confidence.

- Load Transfer: Our dual axle swing-jack system provides a balanced load and stable ride.

- Smooth Launch: Our durable double color coated protection film on our main hull means launching and loading the least of stress to your hull integrity.

- Reliability: Our trailers feature full body welds which increase reliability, ease of trailering and lifespan of your investment.

WHEN IT COMES TO SALTWATER FISHING SKEETER GUIDES HAVE THE RIGHT STUFF.

THE BUSINESS OF FISHING When your livelihood depends upon fishing, no other boat brand provides a higher return on investment. Professional guides and captains from coast to coast look to Skeeter for providing them and their customers the ultimate fishing experience. Reliability. Safety. Versatility. Your satisfaction is our satisfaction. Share your guide stories on our Facebook page @skeeterteam!

TELL THE WORLD YOU LOVE THE GOOD LIFE with our full line of Skeeter apparel, headwear and gear for men, women and children. It’s great looking and durable, just like everything with the Skeeter name. To see our full selection shop online at skeeterboats.com or call (800) 652-6051.

FOR EACH ELIGIBLE TOURNAMENT.

What better way to spend time on the water with family or friends, connect with other Skeeter owners in your area and have the opportunity to win up to $3,000 fishing in a sanctioned Real Money tournament? Dozens of chances to fish local tournaments could be just a short drive away. Don’t miss out. Register today. Real Money Program dates are from January 1 through December 31, 2017.

1. BUY a Skeeter boat. Purchase any new or used Skeeter boat powered by a Yamaha engine from a dealer or private party.

2. REGISTER. Visit your local, authorized Skeeter dealer to obtain a registration form, or download at SkeeterBoats.com. You must register each year to be eligible. If you acquire a different Skeeter boat after you are registered, please contact Skeeter by calling (903) 983-5657. A $30 registration fee per angler includes a membership card, an Official Real Money hat, Real Money boat decal, Skeeter truck decal, and patch.

3. FISH & WIN in a contingency-sanctioned paying event. A list of sanctioned tournaments and payouts are posted on our Web site. A schedule of sanctioned tournament dates is compiled in late winter, and updated periodically on our Web site. Schedules are subject to change without notice. Have a tournament trail you would like sanctioned? Contact your local Authorized Skeeter Dealer.

4. GET PAID. Payments will be made once Skeeter receives and approves “official” tournament results from you and all Rules and Conditions for applicable year have been met. To be eligible for incentive, you must register prior to participating in a contingency-sanctioned paying event.

For complete details, terms and conditions, or to see the most current list and schedule of sanctioned tournaments, please see your local authorized Skeeter dealer or visit our website at SkeeterBoats.com.
